

Acme Corp Remote Work Policy

Eligibility

All full-time employees who have completed their 90-day probationary period are eligible to work remotely up to three days per week, subject to manager approval. Contractors and interns are not eligible under this policy.

Equipment

Acme Corp will provide a company laptop, a docking station, and a one-time stipend of 300 dollars for home office equipment such as a chair or monitor. Employees must use company-issued devices for all work tasks; personal devices may not be used to access internal systems.

Core Hours

Remote employees are expected to be available between 10am and 3pm in their local time zone for meetings and collaboration. Outside of core hours, employees may set their own schedule as long as deliverables are met.

Security Requirements

Remote employees must connect to internal systems only through the company VPN, must enable full-disk encryption on all work devices, and must report any lost or stolen equipment to IT Security within 24 hours.
